

Empower your
inner guidance
effortlessly

SoulCollage workshops allows us to experience our own inner guidance effortlessly ~ through a most enjoyable intuitive process!

- ▶ **Make collages from found images that “speak to us” us on blank 4” x 7” cards. With no prior artistic skills required, this first activity is often experienced as a purely childlike liberating state of creativity.**
- ▶ **Witness these newly made cards and let them speak to us. Whether you are coming with specific questions or are simply open to Higher Self guidance, SoulCollage is an endless source of surprising inner wisdom!**
